Resolution 173 (Guadalajara, 2010)

Piracy and attacks against fixed and cellular telephone networks in Lebanon

The Plenipotentiary Conference of the International Telecommunication Union (Guadalajara, 2010),

recalling

- a) the noble principles, purposes and objectives enshrined in the Charter of the United Nations and the Universal Declaration of Human Rights;
- b) the efforts of the United Nations to promote sustainable development and the relevant United Nations Security Council resolutions;
- c) the purposes of the Union as enshrined in Article 1 of the ITU Constitution;
- d) § 16 of the Declaration of Principles adopted by the World Summit on the Information Society;
- e) previous resolutions of plenipotentiary conferences, namely:
 - Resolution 48 (Malaga-Torremolinos, 1973) of the Plenipotentiary Conference, on the destruction of submarine cables in the Eastern Mediterranean;
 - Resolution 74 (Nairobi, 1982) of the Plenipotentiary Conference, regarding Israel and assistance to Lebanon;
 - Resolution 64 (Nice, 1989) of the Plenipotentiary Conference, on the condemnation of the practices of Israel in the Arab territories occupied by it;
 - Resolution 159 (Antalya, 2006) of the Plenipotentiary Conference, relating to the support to Lebanon for rebuilding its telecommunication network, and given that Lebanon has not received, to date, any amounts of the monetary damages estimated by ITU experts at USD 547 million at that time,

recognizing

- a) that a reliable telecommunication network is indispensable for promoting the socio-economic development of countries, in particular those having suffered from Israel's actions;
- b) that Lebanon's telecommunication facilities have been and are still being subjected to piracy, interference and interruption, and sedition by Israel against Lebanon's fixed and cellular telephone networks;
- c) that the damage caused to Lebanon's telecommunications should be a matter of concern for the entire international community, particularly ITU, as the United Nations specialized agency for telecommunications;
- d) the full right of Lebanon to compensation for the damages caused to its telecommunication network,

recalling further

that every Member State of ITU should respect the fundamental principles set forth in the Preamble to the Constitution and in Nos. 5, 6 and 7 of the Constitution.

resolves

to condemn all attacks and violations by any ITU Member State against telecommunication networks in any other Member States, which harm the latter's national security, *inter alia*, those perpetrated by Israel toward Lebanon,

instructs the Secretary-General and the Directors of the Bureaux

to monitor cease of the above-mentioned violations or harmful transmissions across the border and report to the Council in this respect.
